Decatur County...

Lane Closure, Detour Occurring on Northbound US 27/State Route 1 for Bridge Rehabilitation

Beginning at 8 p.m. on Friday, November 18, 2016 at 8 p.m., the northbound lanes will be closed on US 27/State Route 1. The northbound bridge spanning over the Flint River will be under rehabilitation repair. The closure will begin at the Shotwell Street off ramp and extend to the SR 38 off ramp. The lanes are expected to reopen at 5 a.m. on Monday November 21, 2016.

A detour with direction signs will be put in place to accommodate traffic flow. The southbound lanes will remain open while rehabilitation work is being performed on the northbound bridge.

This project consists of bridge rehabilitation. After SR1/SR 38 has been closed, contractors will be working on the bridge deck joint and underneath side of the bridge.

As in any work zone, motorists are reminded to pay special attention to traffic control devices, signs and posted speed limits to ensure safe passage through the work zone for the workers present and the motorists traveling through.
